

# DUMBARTON AND DISTRICT MODEL AIRCRAFT CLUB

Thank you for expressing an interest in the Dumbarton and District Model Aircraft Club.

As the name would suggest we are a group of keen aeromodellers living in or close to Dumbarton . Our aim is to pursue and promote our chosen hobby/sport in a family friendly club.

We are dedicated to ensuring that our interests are maintained safely and without causing nuisance or harm to our fellow countryside users. As part of our safety policy we operate very stringent safety rules and follow the guidelines of the S.A.A. (Scottish Aeromodellers Association). Amongst other things, this entails FREE flying tuition to members towards gaining their Bronze, Silver and Gold certificates.

Club facilities include two cultivated grass strips, a special pad for helicopter operations and a private car park at our site on Carman Hill, which is situated on the Cardross Road between Cardross and Renton. Flying is generally unrestricted as in accordance with club safety rules. Formal club days are held every Sunday and Wednesday evenings in the summer. Informal flying sessions are much in evidence at all other times, especially in good weather.

The information requested below is required for club records and to ensure your best interests are maintained. Model flying is not normally dangerous and our safety record is excellent due to the very responsible attitude adopted by our members, however accidents can and unfortunately do occur, it is the intention of the DADMAC committee that all possible contingencies are accounted for.

For this reason we ask that you furnish as much of the data as possible. WE will of course treat the information in the strictest confidence. **It will not be disclosed to any third parties without the prior consent of the signatory, except as required on medical or legal grounds.**
